

Safer Streets Fund toolkit updated

Published on 18 March 2022

The toolkit contains evidence and resources to support applications to round four of the Safer Streets Fund

News 2 mins read

We've updated our [**Safer Streets Fund toolkit**](#) to help policing access new funding for interventions to improve safety in public spaces for all.

The [**Home Office's Safer Streets Fund**](#) provides funding to areas with high levels of crime in England and Wales to invest in proven crime prevention interventions.

The toolkit

The toolkit can help forces and police and crime commissioners (PCCs) to:

- plan bids to the Safer Streets Fund
- target resources where they will have the most impact

It can also help operational police officers when considering local interventions in neighbourhoods.

- [**Find out more and read the toolkit**](#)

Focus of the latest funding round

The fourth and latest round of the Safer Streets Fund focuses on schemes to reduce violence against women and girls and antisocial behaviour.

To support applications for schemes to reduce violence against women and girls, we've developed two evidence briefings.

- [**Interventions to reduce violence against women and girls \(VAWG\) in public spaces evidence briefing**](#)
- [**Bystander programmes evidence briefing**](#)
