09/09/2025 Policing of elections

Policing of elections

This page is from APP, the official source of professional practice for policing.

First published 23 October 2013 Updated 8 June 2023 1 min read

The policing of elections provides distinct challenges and associated key considerations, as well as having the potential to attract protest activity.

Forces may require a public order public safety (POPS) command structure and the deployment of trained officers, across a variety of POPS roles, as part of the policing response to elections.

Specific guidance on the policing of elections is contained in the **Policing elections APP**.
