

Counter terrorism security coordination - Guidance overview

Practice guide for counter terrorism security coordinators.

First published 1 June 2026

This practice guide is relevant to counter terrorism security coordinators (CT security coordinators), strategic commanders, tactical commanders and operational coordinators responsible for working with CT security coordinators. The guide may also be relevant to partnership agencies involved in counter terrorism security.

It identifies:

- the responsibilities of CT security coordinators
- the training and accreditation requirements of CT security coordinators
